

Activity 1 Reflection

Consider the following questions:

- What does the term 'smart cities' mean to you?
- Are you aware of any smart cities?
 - If so, have a look at their website and see if you can find the aims and objectives of their smart city programme.
 - If not, search the internet and find a smart city that you distinguish from the others. Why so?

A large, empty rectangular box with a black border, intended for students to write their reflections on the questions above.

You can share and discuss your opinions in Discord.
